

Henry's Fork Subbasin TMDL Implementation Plan

Program Plan

Lead Implementer Idaho Soil and Water Conservation Commission

Other Organizations Madison Conservation District, Yellowstone Conservation District

Project Primary Contact Brian Reed (brian.reed@swc.idaho.gov)

Project Stage Implementation

Duration 2021 - 2022

Studies, Plans, Monitoring & Assessment > Plans

Write the TMDL Ag Implementation Plan for temperature, sediment and bacteria. Define actions to achieve load reductions, schedule, and specifies monitoring needed to document action and progress toward meeting water quality standards. Complete 50% fy21, 100% complete fy22.

No Key Photo provided

Key Accomplishments

• TMDL Plan Writing: 20 hours

Project Themes

No Project Themes provided

Location

Expenditures

No expenditures provided

Photos

No additional photos provided

Tracker tells stories at a broad-brush level. Individual project performance measures and expenditures should not be relied upon for complete and total accuracy and should be confirmed with a project's lead implementer. Project locations subject to confidentiality provisions under state and federal law specify the location of a local conservation district or USDA service center office.
